

Online Web 2.0 Tools

The following are a sample of tools that can be used in conjunction with the project and suggested activities. Most are free. For help and advice when using them go to www.C4lpt.co.uk where you will find a wealth of information on how to bring web 2.0 tools into your teaching. The following are some of the recommended applications you have in your teaching 'tool box':

- Browsers – **Safari, Chrome, Firefox**
- Social bookmarking - **Delicious**
- Subscribe to blogs and news feeds – **Google Reader**
- Instant messaging and voice calling - **Skype and Yugma**
- Share online presentations and documents – **Google docs**
- Share PowerPoint Presentations - **Slideshare**
- Share images - **Flickr**
- Create your own Blog - **Wordpress**
- Create and share a podcast - **Audacity**
- Create and share an online Poll – **Polldaddy**
- Get involved in online debating - **TrueTube**
- Private Social Networking - **Ning**
- Create your own online learning space - **Moodle**
- Create a Wiki - **Wikispaces**
- Create your own website – **Nvu**
- Use thought management tools - **Bubbl**
