

# PRIMARY DVD EARLY BIRD ORDER FORM

Dear Customer,

We are launching a NEW Primary Science DVD at BETT and we thought you would be interested to hear about it. This NEW **Stage Two Science** compilation offers you video-based support materials that will help fulfil curriculum initiatives. Your pupils will be truly engaged with the 400-minutes plus of programming for Stage Two Science, including topics such as animals, plants, earth, energy and forces, to name a few. See more information below.

We are offering an early bird discount of **20% off** the price of selected DVDs ordered before **15<sup>th</sup> February 2010**. On the reverse of this letter, you will find a pre-completed order form as well as contact information should you need any more information on our products.

Best Wishes,

Channel 4 Learning Team

## Stage Two Science 7-11 years

This NEW DVD covers the full range of sciences taught to pupils aged 7 to 11. The series introduces ideas and concepts within everyday contexts. The audiovisual material on this DVD is ideal for presenting challenging concepts such as the configuration of the planets in their solar orbit, states of matter and forces, as well as featuring engaging footage of animals, plants and their habitats.

### *Curriculum connections*

- Animal and plant variation and classification
- Basic life and living processes common to all animals and plants
- Plants' and animals' adaptation to a habitat, and their feeding relationships within it
- Micro organisms
- the Solar System
- Forces in action
- Properties of materials
- Physical processes

### **Disk 1**

4 x 15-minute programmes

Channel 4 Learning is dedicated to empowering teachers and students with stimulating visual resources through curriculum-focused products. There are more than 300 hours of programming from Channel 4 Learning's range of interactive resources available on DVD and CD-Rom. For more information on Channel 4 Learning or for future release dates for new products, please contact us by email – [info@channel4learning.com](mailto:info@channel4learning.com) or call us at 0844 800 4445.

In addition to the NEW DVD being released, we also introduced a few primary DVDs last year; a RE DVD called 'Quest: Life Stories and Creation Stories', as well as a Science and PSHE DVD called 'Healthy Living for Younger Children'.

**Quest: Life Stories and Creation Stories, RE 7-11 years**

This compilation of 10 x 15-minute programmes consists of two series, the first looking at the age-old question of 'How did the World Begin'? – from the religious and secular perspectives. The second series, considers personal responses to major human and religious issues.

**Healthy Living for Younger Children, Science and PSHE 4-7 years**

This compilation of 175 minutes of programming will help younger children identify and understand the role of the five senses. They will also learn about what to eat to stay healthy and how to keep fit, safe and well.
